

## BOCCIA AUSTRALIA Australian DOMESTIC COMPETITION APPLICATION FORM 2023

### Introduction:

Boccia Australia's goal is to see an incremental growth in the number of athletes, coaches, and ramp operators in our performance pathway. To achieve this, we need to ensure that our pathway is strong, is resourced and has systems in place for success. The key driver is our strategic plan which identifies our ambitions as:

- "Our Boccia experiences are well organised, fun & inclusive"
- "Australia recognises Boccia as our most inclusive sport"
- "Our athletes are well prepared for competitions"

....with priorities and aspirations to help us achieve this and some specific actions for an outcome to - increase the number of domestic Boccia competitions. Competition is a vital part of the performance pathway, so we want to be able to provide a domestic calendar of events at club, state and national level that provides a balanced opportunity for players at all levels to compete.

In 2023 Boccia Australia are requesting all organisations (Clubs, Programs, State Organisations) to submit an application for BA sanctioning to run your event. This will enable BA to provide a structured calendar of events. It will also allow us to provide other participation, pathway and performance activations, activities and events that will coincide with or run before/after a competition. (ie: Coach Workshops & PD, Come & Try day, Talent ID days, Camps etc). And allow for competition prior to international events and further support our What it takes to win strategy.

If your application is successful and we have negotiated a suitable date in the calendar, we are pleased to offer the following funding to support the running of your event:

Nationals (BANT):	\$5000.00 (x 1 grant only)
State Titles:	\$2000.00 (max 4 grants available)
Club competition:	\$ 250.00 (max 10 grants available)

Guidelines and resources can be found on the BA website:
